**LICENSING COORDINATOR(S):**  
**Erin Fitzgerald**

**As a result of a visit conducted in accordance with RSA 170-E, the department finds that on the day of the visit there were no violations of critical rules.**

**In accordance with He-C 4002.06(f) the following critical rule violations were corrected during the visit:**

**He-C 4002.14(b)(5):** PROGRAMS SHALL MAINTAIN THE CHILD CARE ENVIRONMENT FREE OF CONDITIONS HAZARDOUS TO CHILDREN, INCLUDING CORDS OR STRINGS LONG ENOUGH TO ENCIRCLE A CHILD'S NECK WHICH POSE A STRANGULATION HAZARD AND ARE ACCESSIBLE TO CHILDREN, INCLUDING, BUT NOT LIMITED TO, TELEPHONE CORDS AND WINDOW BLIND CORDS.

A water sprinkler located on the children's playground was secured to a wooden frame with cords. The manner in which some of the cords were tied created fixed, looped holes that were large enough for a child to place their head through. The center director secured the rope with zip ties so it no longer posed a strangulation hazard.

**The following Non-Critical Violations were also found. Non-critical violations shall be corrected as soon as possible and no later than 30 days from the date of verbal or written notification.**

**He-C 4002.14(b)(15):**

Several areas of the wooden fence surrounding the children's playground had loose, flaking paint, which was accessible to children.

**He-C 4002.19(al):**

A review of the program's fire drill log revealed that drills had not been conducted during the months of June and July 2020.

**He-C 4002.17(a):**

Out of 10 children's files reviewed, 1 did not have immunizations on file.

**He-C 4002.17(d):**

Out of 10 children's files reviewed, 2 did not have a physical on file.

**He-C 4002.20(b):**

Out of 10 children's files reviewed, 1 child's registration form had expired.

By signing below, I agree to maintain future compliance with the statutes and/or rules cited above.
